Dl 48-26-12

Sir,

In forwarding herewith a copy of Trust Board Resolution No XXI dated 18th September 1926, regarding the revision of the scale of establishment of the Board, I have the honour to state that the necessity for the revision is explained in the accompanying copy of my Note, which was circulated among the Trustees The enclosed proposition statement shows the existing and proposed scales, as approved by the Board

2 By the adoption of the proposition statement, there will be a net savings of Rs 174/- per year in respect of the particular establishment now dealt with. But, it will be seen from my Note enclosed that this is but the last of a series of measures which have resulted in a saving of over Rs 8,202 per year in the establishment charges of the Board as a whole

3 The Chief Officer of the Municipality had been drawing an allowance of Rs 50 per mensem, under Government Order No Fl 2008-8 & A 7-22-9 dated 3rd November 1922 for helping the Chairman of the Trust Board in Land Acquisition and Revenue Work This arrangement having ceased from 1st July 1926, the collection work of the Trust Board receives only such supervision as the Chairman and the Engineer amidst their Municipal and other duties can spare for it It is therefore proposed to utilise the services of the Revenue Officer to collect the dues of the Trust Board, which require in several cases

8

detailed investigation as to the circumstances of the parties etc , and to give him an allowance of Rs 25 per month instead of Rs 50 previously paid to the Chief Officer

4 I request that the sanction of Government might be obtained to the proposition statement with permission to put the officials in the new grades from 1st August 1926

5 The proposal contained in para 3 above re allowance to the Revenue Officer may kindly be sanctioned from 1st October 1926

City Improvement Trust Board Mysore

Memo on establishment

The question of reorganizing the staff of the Trust Board so as to improve the prospects of the subordinate officials while reducing their number has been under consideration for more than two years past In September 1924 a Sub-Committee of the Trustees submitted a report on the subject and the same was referred to the Special Account Officer who was sent by Government during that year to examine the financial position of the Board The recommendations of the Committee and of the Account Officer have been kept in view and the measures of retrenchment described below have been carried out as opportunity occurred

2 The Executive Engineer who was drawing a salary of Rs 675 per mensem was reverted to the Public Works Department and the services of an Assistant Engineer on Rs 375 plus 100 obtained for Trust Board By subsequent arrangement with the Municipality, the Trust Board Engineer's services and emoluments are now shared by the two bodies, so that the annual expenditure under this head is reduced by Rs 4,500 per year

3 The number of Sub-Overseers has been reduced from 7 to 5

4 The temporary staff entertained for the

13

purpose of clearing arrears of office work has been disbanded and the post of Revenue Accountant abolished The collection staff consisting of two mutsaddies and two peons has also been dispensed with

5 The Chief Officer of the Municipality had for a long time been given an allowance of Rs 50 per month on account of Land Acquisition and Revenue work done by him on behalf of the Trust Board This arrangement has been in abeyance since 1st July 1926 when the post of Municipal Chief Officer was abolished There is at present no responsible officer to look after collection work It is proposed to entrust this work in future to the Revenue Officer of the Municipality and give him half the allowance attached to the post of the Land Acquisition Officer

6 The net result of these changes as the following details will show will be a reduction of Rs 8 202 per year on the scale of expenditure which was in force when the retrenchments were commenced

Reduction	Rs	Increases
1 Salaries of officers-	4 800	
2 Salaries of outdoor subordinates	1 824	Clerical establishment(due to revision of grades now proposed)
3 Clerical establishment	1 404	
4 Savings in clerical establishment after revision of grades now proposed	846	Nil
5 Provision made for two special grade Sub-Overseers-since sanctioned by the Board	- 672	
Net savings Rs	8,202	

7 These measures have resulted in a saving of Rs. 8,202 per year in the expenditure on salaries and establish-ment

9 In the proposals now submitted a further reduction of two clerks is contemplated.

10 The only other direction in which savings

14

could be obtained lies in obtaining the services of a less expensive Chairman but this is a matter of policy and rests entirely with the Government

11 Having accomplished practically all that is possible in the way of economy and retrenchment, it now remains for us to turn to the other aspect of the scheme and settle what increases immediate or prospective can be given to the members of the staff that is left They are a deserving lot and some of them are very competent but being confined to a small establishment where vacancies rarely occur their salaries have remained stationary for years The position is just now aggravated owing to the fact that with the abolition of the post of Revenue Accountant several of the officials have had to lose increases which they had continuously drawn for nearly 6 years

12 The scale proposed in the accompanying statement is intended to remedy this grievance and to provide for small increases

The Chairman reports that ~~by the adoption of the proposition statement (appended) there will be net savings of Rs 174 per annum in respect of the particular establishment now dealt with~~ the proposal is only the last in a series of measures which have resulted in a saving of over Rs 8,202 per annum in the establishment charges of the Circle

It is also stated that the Chief Officer of the Municipality has been drawing an allowance of Rs.50 per mensem under G.O. No F. 2008-57/SSA 7-22-3 dated 3rd Novr. 1922 for helping the Chairman of the Trust Board in Land Acquisition -- and Revenue Work This arrangement having ceased from 1st July 1926 -- the collection work of the Trust Board receives only such supervision as the Chairman and the Engineer, amidst their Municipal and other duties, can spare for it. It is therefore proposed to utilise the services of the Revenue Officer to collect the dues of the Trust Board which require, in several cases, detailed investigation as to the circumstances of the parties etc. and to give him an allowance of Rs 25 per mensem instead of Rs 50 previously paid to the Chief Officer

Sanction is therefore sought for,

(1) to the proposition statement with permission to put the officials in the new grades from 1st August 1926 and (2) to the payment of the allowance of Rs.25 per mensem to the Revenue -- Officer from 1st October 1926.

This proposition statement which was sent to the Comptroller for verification was duly examined and by His Staff and found correct
